Mr. McChesney is an express messenger who runs between the Bluffs and this place.

—Few people who get one of those little samples of Yeast Foam that are being distributed from house to house are aware of the popularity of that favorite article. We have it from good authority that over one thousand million loaves of bread were raised with Yeast Foam in the United States alone last year, which is about 90 per cent of all the hop yeast that was used in this country and it is better this year than ever before.

—Mr. and Mrs. Handy entertained a number of their friends in their inimitable manner last Thursday evening. The spacious parlors were beautifully decorated with the national colors, while a life-sized picture of President McKinley, surrounded by American flags, occupied a conspicuous place on the wall. The evening was pleasantly spent in progressive high-five and listening to an excellent musical program consisting of vocal and instrumental solos and duets, while a delightful repast daintily served, contributed in no small way to the evening's enjoyment.

P. J. HELLER is singing the praises of Webb McCall, state superintendent of insurance. The property of Mrs. Heller that was destroyed by fire in Fourth of July blaze at Sylvan Grove was insured for \$400, the policy containing what is known as the three-fourths clause, which means that in case of total loss by fire the holder of the policy is to accept three-fourths the face value of the policy and call it square. The law, however, does not recognize such deals between insurance companies and their victims, and McCall seeing the hold-up in this case, went after the other hundred dollars for which the policy had been written and the premium paid, and a few days ago Mrs. Heller received a draft for the remaining \$100 for which her policy was written. The draft came from the insurance department and the money was secured through the efforts of Webb McCall in the regular discharge of his official duties. We believe it to be the duty of public officials to look out for the people's interests as against the encroachments of corporate institutions.—Lincoln Sentinel.

Proclamation.

May 30th has been set apart as a day for decorating with flowers the graves of soldiers who went forth to do battle for their country, and have perpetuated with all its blessings a united government, the best which the mind of man has conceived and made practical; who for four long years carried the dear flag, the Stars and Stripes, through weary march and shock of battle to leave a heritage that means more to us than any others except the Banner of the Cross.

Believing that this beautiful ceremony is not only to honor the dead heroes, but an object lesson, teaching to the children patriotism and that it is noble to die for our country, I join with the officers of the G. A. R. in the request that all business be suspended in the city that all may join in the exercises.

C. A. PORTER, Mayor.

RATES TO OMAHA.

Railroads More Liberal Than to the World's Fair at Chicago.

Chicago, April 11.—Rates and arrangements on account of the Omaha exposition were completed today by the Western Passenger association lines. The rates are more liberal than those for the Chicago exposition.

Summer tourist tickets will be sold at 80 per cent of double locals to Omaha from all sections of the country, with final return limit to November 15.

From all association points east of Colorado a rate of one fare and a third will be made for the round trip from June 1 until October 30, with a 30 return limit, provided, however, that in no case the rate from the following points to Omaha shall be less than \$20 from Chicago, \$17 from Peoria, \$17 from St. Louis, \$25 from St. Paul and Minneapolis.

For the opening ceremonies a rate of one cent a mile will be made from all points within 150 miles of Omaha. From points beyond the 150 mile limit, the rate will be one fare for the round trip. All tickets of every character through Omaha, in either direction, will be made good for stop over at Omaha not to exceed five days. The minimum rate for any round trip ticket is to be 50 cents.

SEEDS.

SCOTT'S Emulsion

of Cod-Liver Oil with Hypophosphites. We are willing to trust in his answer.

For twenty-five years doctors have prescribed our Emulsion for paleness, weakness, nervous exhaustion, and for all diseases that cause loss in flesh.

Its creamy color and its pleasant taste make it especially useful for thin and delicate children.

No other preparation of cod-liver oil is like it. Don't lose time and risk your health by taking something unknown and untried. Keep in mind that SCOTT'S EMULSION has stood the test for a quarter of a century.

MARRIED.

At the residence of the bride's parents in Phillipsburg, Kans., on Wednesday, May 25, 1898, by Elder B. F. Curtis, Mr. Melvin M. Rumbaugh and Miss Mattie Johnson.

The wedding ceremony was solemnized at high noon in the presence of relatives of the contracting parties and a few intimate friends.

Mr. and Mrs. Rumbaugh make an ideal couple, and no wedding ever held has called any more expressions of good will from the people of the community than has this.

Mr. Rumbaugh is the son of Joseph of Greenwood township, where he is engaged in successful farming.

The bride is the eldest daughter of F. C. Johnson, a woman full of personal graces, loved by all.

Wednesday evening a reception was held at the Rumbaugh home that was attended by scores of well wishers.

The newly made husband and wife are living in a new home near the groom's parents, and are surrounded not only by the blessings of friends, but by many substantial remembrances of the esteem in which they are held.
